Dear Mr. Prcic,

As a great enthusiast of the US – Bosnian friendship, I write to you to express my fondness and support for the American University in Bosnia and Herzegovina. This institution's commitment to high academic standards is a testament to the importance of knowledge and learning in the 21st century.

We live in a rapidly changing and inter-connected world, and universities like the American University in Bosnia and Herzegovina will play a critical role in our future. It is important that we cultivate an educational environment in both of our countries that emphasizes learning and condones ignorance. I believe that the American University in Bosnia and Herzegovina does just this, and I look forward to seeing the future generation of leaders which will come from this institution.

I congratulate you on your success, and look forward to working with you and the American University in Bosnia and Herzegovina in the future.

Sincerely,

Eddie Bernice Johnson
Member of Congress
